GOOD EVENING!

Thank you for joining us this evening at Hailey's Hope Foundation's Sixth Annual *BBQ Bash* Fundraiser. As we enjoy this evening, we have the joy of knowing that our efforts have brought hope, comfort and essential support to over 2,500 NICU families in need as they face and cope with the challenges of caring for their babies in the Neonatal Intensive Care Unit (NICU).

This year Hailey's Hope Foundation is proud to celebrate significant milestones: our six-year anniversary with the Regional NICU (Level IV) at Maria Fareri Children's Hospital (at Westchester Medical Center) in Valhalla; the expansion of programs and initiatives into 2 additional hospitals- Morgan Stanley Children's Hospital New York

Presbyterian in Manhattan, and The Children's Hospital at Albany Medical Center; and reaching our \$1 million raised mark.

As more and more families are faced with the reality of having babies born prematurely and critically ill, the demand for Hailey's Hope Foundation's unique and essential support continues to grow. HHHF is partnered the Regional Neonatal Center at Maria Fareri Children's Hospital (Westchester Medical Center) in Valhalla, ORMC in Middletown, Morgan Stanley Children's Hospital-NY Presbyterian, and The Children's Hospital at Albany Medical Center. We have made tremendous progress, yet there is still much more to be done. Your support this evening will bring us steps closer to our goals to fulfill the financial, emotional and educational needs of NICU families and to work closely with hospitals, doctors, nurses and medical staff to help improve the quality of NICU care. Together, we can give every NICU baby and family a greater fighting chance!

It is truly inspiring to see the generosity of family, friends and supporters who have helped us raise over \$1,000,000 since we formed in December 2007. We will continue to work hard to be a valuable support system for NICU families during this critical time.

Thank you for your generosity this evening. We are deeply grateful to you and look forward to your continued support.

Yours truly,

Dear Friends:

Thank you for joining us on this special evening to celebrate the great accomplishments of Hailey's Hope Foundation in helping NICU families and their babies.

The outpouring of support for this year's event is incredibly moving and inspiring. We want to express our sincere appreciation for the support of our *Gold Sponsor*, Orange Regional Medical Center, our *Guest Gifts Sponsor*, the Pucci Family and Pucci Financial of Raymond James and *Dessert Sponsor*, DeBellis, Van Cott & Associates, CPAs. We are grateful to all of our very generous donors for making tonight a great success, including businesses and families who donated wonderful items to our Auction and Raffle, purchased tickets, and purchased advertisements in our Online Reception Journal.

This evening would not be as memorable an event without the hard work, creativity and commitment of our Dinner Auction Committee. Thank you for everything. We would also like to thank Lisa Paterno-Guinta for the beautiful design of our Online Reception Journal and Palacio for the beautiful setting and wonderful food and service.

On behalf of Hailey's Hope Foundation and the Committee, thank you for your continued support.

Warm regards,
Debra Randazzo

Hailey's Hope Foundation supports families with premature and critically ill babies in New York-area NICUs (Neonatal Intensive Care Units) and improves the quality of NICU care so these babies can have the best possible beginnings in life. When babies are born too early, too small, or very sick, it is crucial for their families to be involved in their care as much as possible. However, many are unprepared for the emotional and financial challenges of a NICU hospitalization. Parents often fear the unknown and struggle to cope with the demands of daily life (i.e., work, home and childcare), not to mention exhausting NICU visits and commutes. By providing financial assistance, emotional support, and educational information, we help NICU families manage this difficult time and become their baby's best advocate. We also fund clinical neonatal research and work closely with NICUs to help give more babies a greater fighting chance.

As a grassroots, volunteer-based, 501(c)(3) nonprofit organization, we carry out our mission through targeted programs and initiatives:

- **Financial Assistance:** A NICU stay can last weeks or months, and the additional expenses can quickly become a serious hardship, especially for economically strained families. We help families in need with non-medical expenses, from lodging and transportation to breast pump rentals and meals, so they can spend as much time as possible at the hospital with their baby and NICU team.
- **Education & Resources:** Families can use our website (www.haileyshopefoundation.org) to access educational information, neonatal research and other resources, including a growing community of NICU parents who share their experience. Our longer-term goals include developing in-hospital NICU family resource centers and parent support groups.
- **Specialized Care Packages:** Leaving the highly specialized, 24-hour care of NICU doctors and nurses is daunting for any parent. At discharge, we supply families with care packages to help ease the anxiety of transitioning home with their tiny miracles. Our packages contain baby care items, supplies and important information about post-NICU issues, including local resources for early intervention.
- **Partnership With NICUs:** We work closely with NICU doctors, nurses and social workers to help them improve care. They know better than anyone where support is needed, whether it's breastfeeding advocacy, medical supplies or specialized equipment. The NICU nursing staff is on the front lines everyday and helps us target our efforts to what families and babies need most.

Hailey's Hope Foundation was created in December 2007 by four couples that endured many NICU crises together and saw first hand the startling void in family support during one of the most difficult times in their lives. We are working hard to be a valuable resource for NICU families, to give a voice to their needs, and to make their NICU paths a little easier to walk. Currently we are partnered with The Regional Neonatal Center at Maria Fareri Children's Hospital (Westchester Medical Center) and the new Rowley Birthing Center at Orange Regional Medical Center. Additionally, we have provided support to NICU families at New York-Presbyterian Morgan Stanley Children's Hospital, Blythedale Children's Hospital, and St. Luke's Cornwall Hospital. To date, we have raised over \$1,000,000., provided support to over 2,500 NICU families and purchased essential medical equipment and supplies for the NICU.

Hailey's Hope Foundation was created in loving memory of our little angel, Hailey, the daughter of Board members, Isaac and Donna Zion, who was born prematurely and passed away shortly after birth in 2003.

THANK YOU ...

Dear Haileys Hope Foundation:

“Thank you so much for helping us during our daughter’s NICU stay. The gratitude we feel cannot be put into words. Your thoughtfulness really touched our hearts. What a wonderful foundation. We are forever grateful for all of the support you gave us to use, with being 5 hours away from home and starting a new family. Thank you again.”

The Perry Family, Barre, VT

“We just wanted to say the biggest Thank You to all of you. You have helped us so much with support and we will always be grateful. You have definitely made a challenging time easier for us. Thank you very much. Thank you also for the camera on Mother’s Day. We took a lot of special family photos. That was so nice of you.”

The Ryan Family, Harriman, NY

“We greatly appreciate the support you gave us at Maria Fareri Children’s Hospital back in April. It was a ray of sunshine and hope during a very difficult time when our twin boys were in the NICU. We are blessed to have them both home with us now. We are very grateful for your help.”

*The Rosenberg Family,
Cortlandt Manor, NY*

“My family and I would like to thank you for your assistance while our girls were in the NICU at Maria Fareri Children’s Hospital. Our twin girls were born at 32 weeks due to a high-risk pregnancy. Your support, understanding and caring during such a stressful time was GREATLY appreciated. Thank you for being there for my family and others.”

*The De Luccia Family,
Pound Ridge, NY*

“We just wanted to extend a note of thanks for the generous support you have provided our family with so far with the recent birth of our triplets and their NICU stay. We are so grateful for the support and amazed by the generosity of your foundation.”

The Marr Family, Goshen, NY

“I wanted to write you a sincere note of thanks for your generous support for my husband and I as we stayed at the Ronald McDonald House to be closer to our baby. We feel so grateful to have received your support for lodging, transportation back and forth to the hospital and help with parking. It was a great help.”

BUYING A HOME IN TODAY'S MARKET CAN BE A CHALLENGING ENDEAVOR. THERE ARE MANY FACTORS TO CONSIDER, AND MANY DIFFERENT PROFESSIONALS TO CONSULT, LIKE REAL ESTATE AGENTS, BANKERS, LAWYERS, TITLE SEARCH COMPANIES, ETC.

While all of these are vital and important, there is only one professional who is loyal to you and has your best interest in mind. Your Home Inspector is one of the only professionals whose payment is not contingent upon your home purchase. Because of this, your Home Inspector is impartial and focused exclusively on thoroughly inspecting your home, and protecting your interest. Don't expose yourself to potential safety or structural surprises. Many times these can prove to be expensive fixes. When you consider the amount of money you're investing into your home and your future, the price of a home inspection may very well prove to be the best money you ever spend.
